

EVAROQ S1

OWNER QUICK GUIDE

BEFORE EVERY RIDE

- Check tyre condition and pressure.
- Confirm both brakes operate normally.
- Check lights, indicators and display.
- Ensure the battery is secure and adequately charged.
- Stop riding after abnormal noise, smell, heat or braking behaviour.

CHARGING, CLEANING AND STORAGE

CHARGING

- Use only the charger specified for the installed battery.
- Charge in a dry, ventilated area away from heat.
- Never charge a damaged, wet or unusually hot battery.

CLEANING

- Switch off before cleaning.
- Use a damp cloth and avoid high-pressure water.

STORAGE

- Store dry and follow battery-specific storage guidance.
- Qualified service is required for electrical, battery and brake repairs.
